

# AUSTRALIA mini-MUSIC DIRECTORY

If you're thinking of coming to Australia to see and hear music or if you want to do business with Australian music companies, the accompanying information that we have used to fill this Australian Music Guide is an incredible resource for contacts and sites, Though not near-

ly as comprehensive as the AustralAsian Music Industry Directory (which at 240 pages in print and online) is the sourcebook for 70 sectors of the industry, it's a great start... You'll find it at [www.immedia.com.au/amid](http://www.immedia.com.au/amid)

## RECORD COMPANIES

### MAJORS AND/OR MULTINATIONALS

The information below is taken from the January 2005 AustralAsian Music Industry Directory which has a huge amount of details on all companies including staff, address, phone, fax, email, genres, artists and labels as well as further information on whether or how they accept submissions.

For your convenience and to conserve space, we have only given name and URL but if you want more highly detailed information, go to the Australian Music Directory at [www.immedia.com.au/amid](http://www.immedia.com.au/amid) and order the 240 page print edition with 70 categories of music businesses highly detailed. Or subscribe to the current edition online which will give you fortnightly email alert updates as changes are made to the listings.
