APRA is a non-profit service organisation, established in 1926, administering the rights of the world's composers, songwriters and publishers in Australia and New Zealand. APRA represents over 42,000 Australasian writers and publishers through direct membership, and over 2 million writers and publishers throughout the world under reciprocal, bilateral contracts with similar overseas service organisations. APRA administers the Performing Rights in music: that is, the right of performance in public and communication to the public. Since 1997 APRA has also managed the reproduction rights licensing business of AMCOS including record manufacturing, broadcast mechanicals and production music.
